SENTINEL GLOBAL TECH, LLC

Veteran-Owned Small Business

UEI:	WTS4EGMR9XG1	D-U-N-S:	149983805
CAGE:	26K19	EIN:	37-2251182
Address:	1000 E Willow St #9, Lafayette, LA 70501	Phone:	(240) 962-9788
POC:	Kerry De La Miya, Owner	Email:	admin@sentinelglobaltech.net

Certifications: Louisiana Hudson Certified (Cert #32188) · Louisiana SEBD Certified · SAM.gov registration Active · SBA VetCert application filed October 30, 2026

CORE COMPETENCIES

- Fiber Optic Network Deployment — Fusion splicing, OTDR testing & certification, network engineering, as-built documentation, and full plan-to-sign-off project delivery as a subcontractor under Louisiana's BEAD/GUMBO broadband buildout.
- Federal Credentialing Solutions — TWIC / CAC / PIV reader sales, integration, and enrollment systems for ports, military installations, and secure facilities.
- Commercial Automatic Door Systems — Continuing a 35-year family business legacy (Galinis Automatics / GA Doors): door hardware, software, firmware, installation, and service.
- Microsoft Cloud Services — Microsoft 365 deployment, administration, and licensing support. Microsoft partner (Partner ID 7173524); CSP indirect reseller enrollment in progress through national distribution; pursuing government cloud (GCC) licensing authorization.

DIFFERENTIATORS

- Veteran-owned and operated — owner is a U.S. Army veteran
- Positioned on Louisiana's $498M BEAD broadband construction wave (2026–2027) as subcontractor and independent quality/oversight partner
- 35-year family legacy in commercial automatic doors with established manufacturer relationships
- IBEW labor scales used as auditable benchmark for labor-cost transparency on telecom builds
- Family-held tower company heritage (telecom infrastructure since 2012)

CONTRACT VEHICLES & PURSUITS

Registered bidder: Lafayette Consolidated Government (Vendor #25603), Louisiana Office of State Procurement (Ariba). Actively pursuing federal subcontracting opportunities including DISA cyber and VA programs. NAICS codes available upon request.

PAST PERFORMANCE

Emerging contractor (established September 2026). Current pursuits include municipal infrastructure bids and federal broadband subcontracting. References and project details available upon request.
